ABOUT US

We are a fully online private school offering synchronous classes for Grades 4-8. Guided by the Ministry of Education Ontario curriculum, we extend beyond.

MISSION

Our mission is to work together to build a safe, respectful and nurturing environment focused on maximizing each child's sense of well-being and acquisition of skills for life and learning. Our school empowers all students to embrace learning, achieve their personal best and build their emotional, social and physical well-being. We strive to support this environment by building a more inclusive curriculum, providing a rigorous academic education, addressing a range of learning styles, offering a wide array of diversity efforts and programs, and by participating in the wider community.

OUR FACULTY

Teachers proceed through interview, online teaching simulation, multiple reference checks, and police criminal record check. Our faculty fosters a community approach with a kind, inclusive, supportive atmosphere. Teachers provide engaging lessons incorporating student interests. Your child's safety, academics, and development are very important to us and are top priority.

ONLINE LEARNING

Students can learn on-the-go from anywhere, including the comfort of their own home. Students will log into their online classroom daily to attend class with their classmates and teacher. Classes are recorded and material posted daily so students can replay, and parents can see what their child learns during class.
